Physical Therapy

Get Moving Again

Our team of licensed physical therapists provide hands-on treatment to relieve pain and improve bone and joint health. Whether you're recovering from surgery, suffering from arthritis or experiencing pain, our physical therapy department will help reduce your symptoms and reach your personal goals.

Our team of 31 physical therapists make your recovery their #1 goal.

Prevea Physical Therapists work as members of a health care team focused on helping you return to optimal function. Individualized treatment plans are created to help your specific needs. Treatment Plans may include the most up to date manual therapy techniques, exercise prescription, and options for pain control. Patients can be assured their treatment plan will be focused on their goals.

- Surgical rehabilitation
- Gait assessment
- Strength training
- Flexibility training
- Manual therapy
- Custom orthotics
