

# Prevea Timeline

## 1996 to 2016

Prevea was founded in 1996 when physicians from the West Side, Webster and Beaumont clinics partnered with HSHS St. Vincent and HSHS St. Mary's Hospitals in Green Bay.

In a very short time, Prevea established itself as a cornerstone of community health care. As an integrated multispecialty group, we offer services that can't be found anywhere else in Northeast Wisconsin. We also offer our high-quality health care services in Western Wisconsin's Chippewa Valley region.

### OUR MISSION:

To take care of people with passion, pride and respect.

### OUR VISION:

The best place to get care. The best place to give care.

1996	<ul style="list-style-type: none"> <li>Webster Clinic, Beaumont Clinic and West Side Clinic merged to form Prevea Clinic in Green Bay.</li> <li>Paul Reckard, MD, was named president.</li> <li>Added a health center to the Howard community.</li> </ul>
