

Maximize Your Benefits

Register for an online account.

Benefits work best when you use them. And we want to make understanding your dental benefits easy. Delta Dental of Wisconsin's online member portal lets you review your benefits or message with a customer experience specialist when it is convenient for you. The more you know, the better your oral health can be.

Logging In

Getting started is quick and easy. Just go to www.deltadentalwi.com and click on "Register" found in the top right corner (on a desktop) or from the menu (on a mobile device). A few simple steps and you'll be able to sign in any time you need to access your dental benefit information. You will need your member ID number (on your ID card) to get registered.

Benefit Dashboard

Once logged in, the dental dashboard allows you to see the most-requested benefit information first—benefit usage, deductibles and annual maximums, plan features, and more—at a quick glance.

Online ID Card

You might not think you need to download a dental insurance ID card at four in the morning ... until you do. You can download it, print it, or email it to a family member or your provider office.

Secure Chat and Messaging

Don't feel like making a phone call? During regular business hours (Monday - Friday, 7:30 am - 5:00 pm), you can securely chat with a customer experience specialist in real time for immediate answers to your benefit questions. You can also send a secure message at your convenience and expect a timely response.

Find a Provider

The online provider search tool can help you find a network dentist in your area. Search by location, specialty, office hours, and other filtering options.

Cost Estimator Tool

Get an estimate for what procedures cost in your area, or from your preferred provider, so you'll have an idea of what you may pay out-of-pocket for necessary dental procedures.

Personalized Content

Manage your communication preferences by selecting topics you are interested in for access to articles and content that will help you make the most of your dental benefits and help you protect your oral health.
